Who are we?

We are a recognized International Agency that promotes the educational, personal, and social growth of Latin American youth through the different cultural exchange programs of study and work that we represent. We provide advice and support in the selection, application, and placement process for Au Pair programs.

Founded in 2005, as pioneers of the Au Pair Program in our country; more than 12,000 effective processes consolidate us as the leading company in South America, which encourages us to remain committed to all our young people by bringing new opportunities through Global Exchange.

The programs we promote are monitored and regulated by the different Embassies, Consulates, State Departments, and Immigration Offices as appropriate in the destination country.

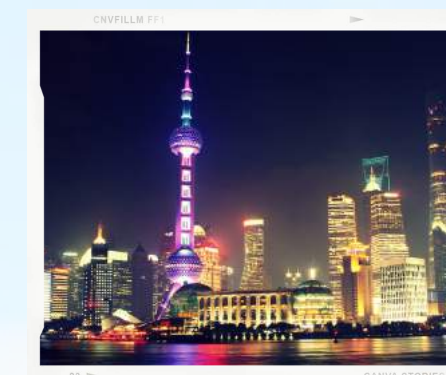

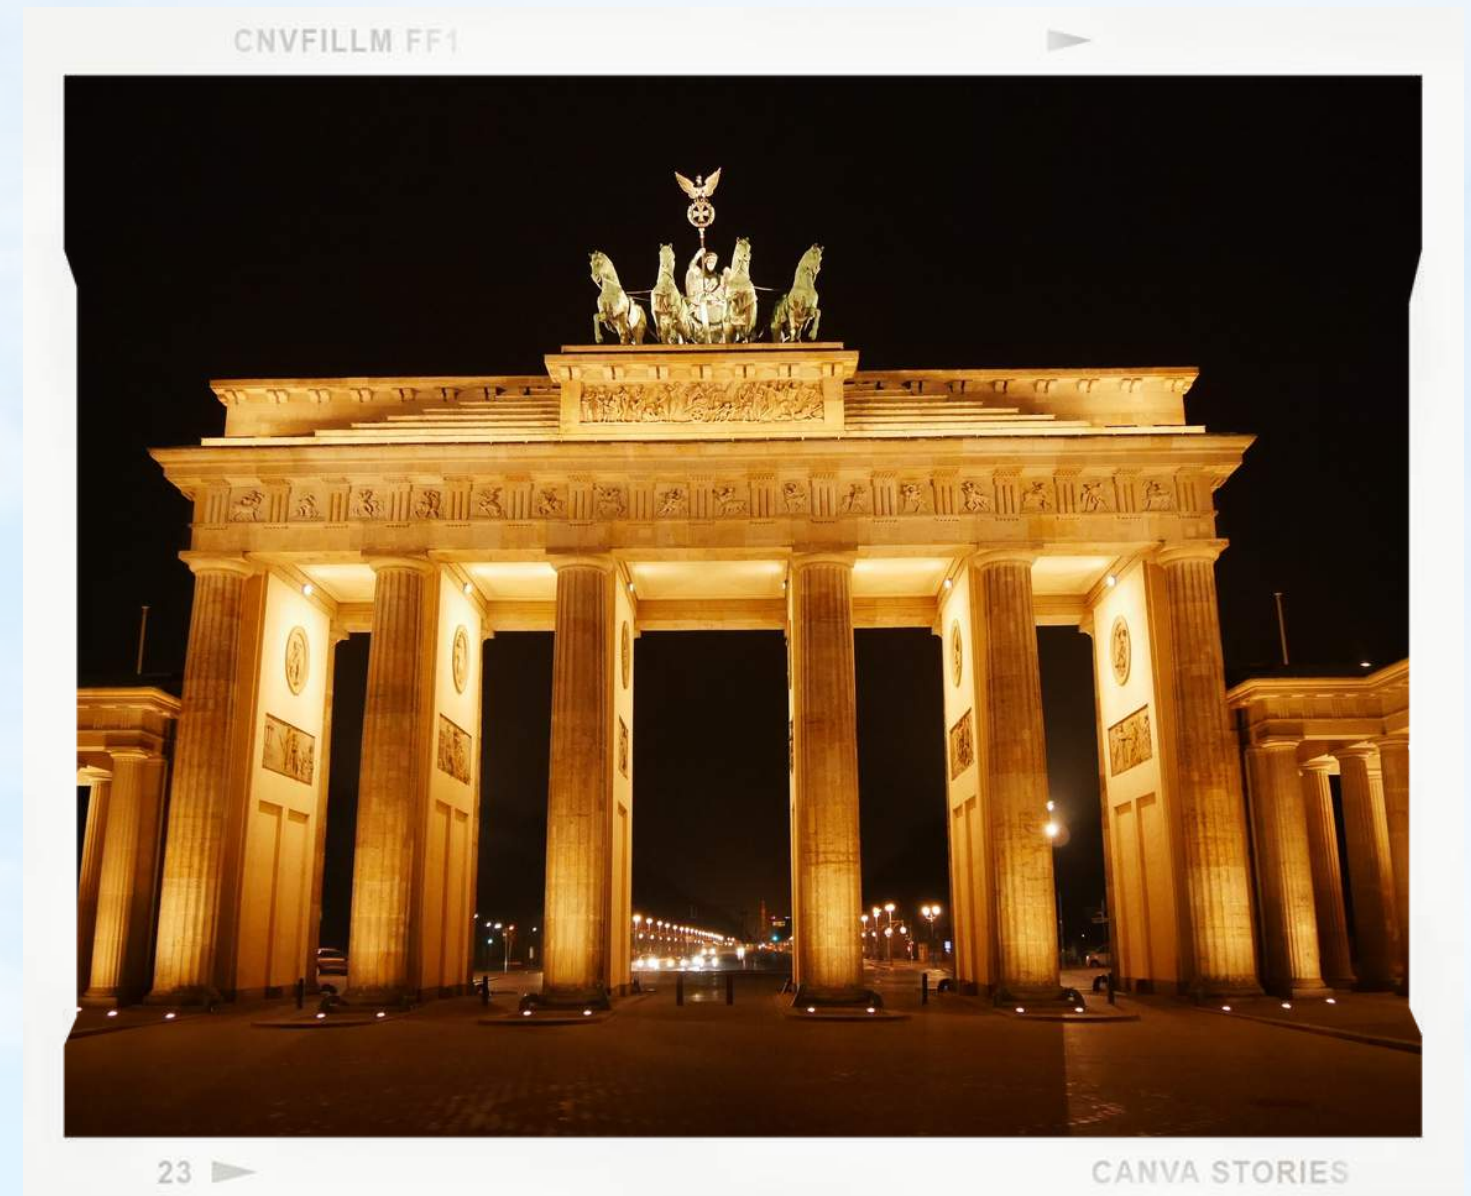

With Global Exchange

You will have the opportunity to travel to the country that fascinates you, to see wonderful places that you would never have imagined.

Live unique moments and interact with young people from all over the world, study, practice, and perfect the language you love.

You can also acquire personal, social, and cultural enrichment abroad; these are some of the privileges that you can enjoy by applying to the exchange programs that we promote.

What is a summer camp?

More than a program, it is a unique American and Canadian tradition that provides children (and sometimes adults) the opportunity to participate in supervised activities away from home in a safe and enriching environment where the purpose is educational, athletic, and cultural growth.

What is a summer camp program?

The International Summer Camp Program gives camps across Canada the opportunity to provide a cultural exchange experience for their campers.

In this way, international participants will live an enriching and unique experience to their lives.

In the case of the United States, the camps seek international staff qualified in a variety of skills from a wide range of countries to share their customs and traditions.

Grandes Beneficios

Personal growth

By experiencing different cultures, you will obtain a better understanding of your own and the traditions that have influenced the way you see the world. Such self-awareness will allow you to grow personally and professionally.

Financial compensation

When you participate in the U.S. Summer Camp program, you will receive a payment (pocket money), which will compensate you for the costs of the program and you will have money to spend after the camp.

Cultural exchange

Cultural exchange programs provide the opportunity to explore other cultures, traditions, customs, beliefs, societies, languages, and much more. Such opportunities allow you to see the world through a different lens. This provides an alternative perspective that will allow you to broaden your horizons while increasing your ability to accept what is different from yourself.

Independence

This cultural exchange experience will also allow you to become more self-sufficient and independent as you face the challenges of being away from home (in many cases for the first time), as well as learn how to live independently from your family and how to navigate basic life skills on your own.

Practicing English

Our Winter Camp program will immerse you in an English-speaking program. You will be able to improve your English speaking skills (if you are not a native speaker) while also teaching others the words and phrases of your language.

Work experience

In addition to all the wonderful benefits mentioned above of participating in a cultural exchange program, you will also gain valuable professional training, an experience that you can use when you return home (e.g., public speaking, teamwork, problem-solving, supervision, leading teams, among others).

What skills are required?

In general, camps are looking for participants who want to live a unique experience and learn about different cultures. In the case of the United States, they are looking for participants who have a special skill.

Here is a list of skills that the program is looking for:

Team sports

Water sports

Arts & Crafts

Theater & Music

*The information presented may vary depending on the country of destination. Consult with your Global Exchange International advisor.

For Canada these and other skills are welcome, they are not a requirement but will be useful when you are in Summer Camp. Consult your Global Exchange International advisor for more information.

What types of camps are there?

Special needs fields*

Dedicated to children and adults with disabilities

Thematic fields*

Specialize in a particular sport or activity

Religious Fields*

Religious emphasis, mainly Christian and Jewish camps

Sport Camps*

Camps with different sports and recreational activities

How long is the program?

In the United States, most camps run for a given eight-week session. In Canada, the duration of the program is 3 - 4 weeks, during which time participants will be active until the camp programming ends. Camps will also have a one-week orientation before the start of the camp.

Summer Camp seasons generally run between June and August (the travel date must be in June).

We invite you to consult with your Global Exchange International counselor for a wonderful experience for campers in Canada.

Our Destinations

United States
